SPC Collection Overview

Experience elegance and practicality with our Stone Polymer Composite (SPC) Vinyl Flooring. Featuring stunning imagery and diverse patterns, it combines the beauty of wood with industrial-grade strength. The rapid locking system ensures 50% greater stability, exceptional durability for high-traffic areas, and easy installation with no acclimation needed. SPC vinyl flooring is a lightweight, eco-friendly option that reduces building load. It is non-toxic, free of radioactive pollution, and provides excellent anti-slip performance. Available in designs like wood, stone, and carpet, SPC mimics natural patterns with high-grade materials, offering durability, stability, and heat resistance.

Advantages of SPC

- > Easy Installation & Maintenance: Seamless, glue-free click system.
- > Aesthetic & Comfortable: Smooth texture and warm underfoot.
- > Eco-Friendly: 100% recyclable and forest-saving.
- > Scratch & Stain Resistant: High-quality wear layer.
- > Soundproof: Reduces noise effectively.
- > Stable: No expansion or contraction.
- > Waterproof & Fire-Resistant: Resists warping and twisting.
- > Customizable: Various colors and sizes available.
- > Durable & Low Maintenance: Long lifespan with minimal upkeep.

Nature Epic Collection

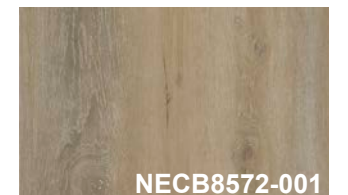

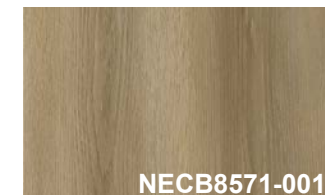

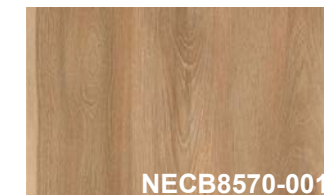

Introducing the “Nature Epic Collection”, a stunning new series from our SPC vinyl flooring line. This collection draws inspiration from the beauty of the natural world, transforming your home into a serene sanctuary that echoes the ambiance of the great outdoors. Whether it’s the calming waves of the sea, the lush greenery of the forest, the warm sands of the beach, or the refreshing expanse of a lawn, each design in the Nature Epic Collection brings the essence of these elements into your living space.

The “Nature Epic Collection” harmonizes the timeless aesthetics of nature with advanced technology, offering flooring that is both beautiful and durable. Each piece is a masterpiece, capturing the spirit of the wild while providing enhanced stability, waterproof features, and easy maintenance. Experience the tranquility and grandeur of nature within your home, and let the “Nature Epic Collection” create an atmosphere of natural elegance and comfort. Elevate your interiors with this unique blend of nature’s charm and modern innovation, making every moment at home feel like an escape to the wild.

PRODUCTION LINE - WPC

Collection	Material Type	Plank Size	Plank Thickness	Core Thickness	Wear Layer	Edge Profile	Finish	Attached Pad
Urban Chic Collection	WPC	9" × 60"	8 mm	6.5 mm	20 mil	Painted Bevel	UV Acrylic	Y(1.5mm)

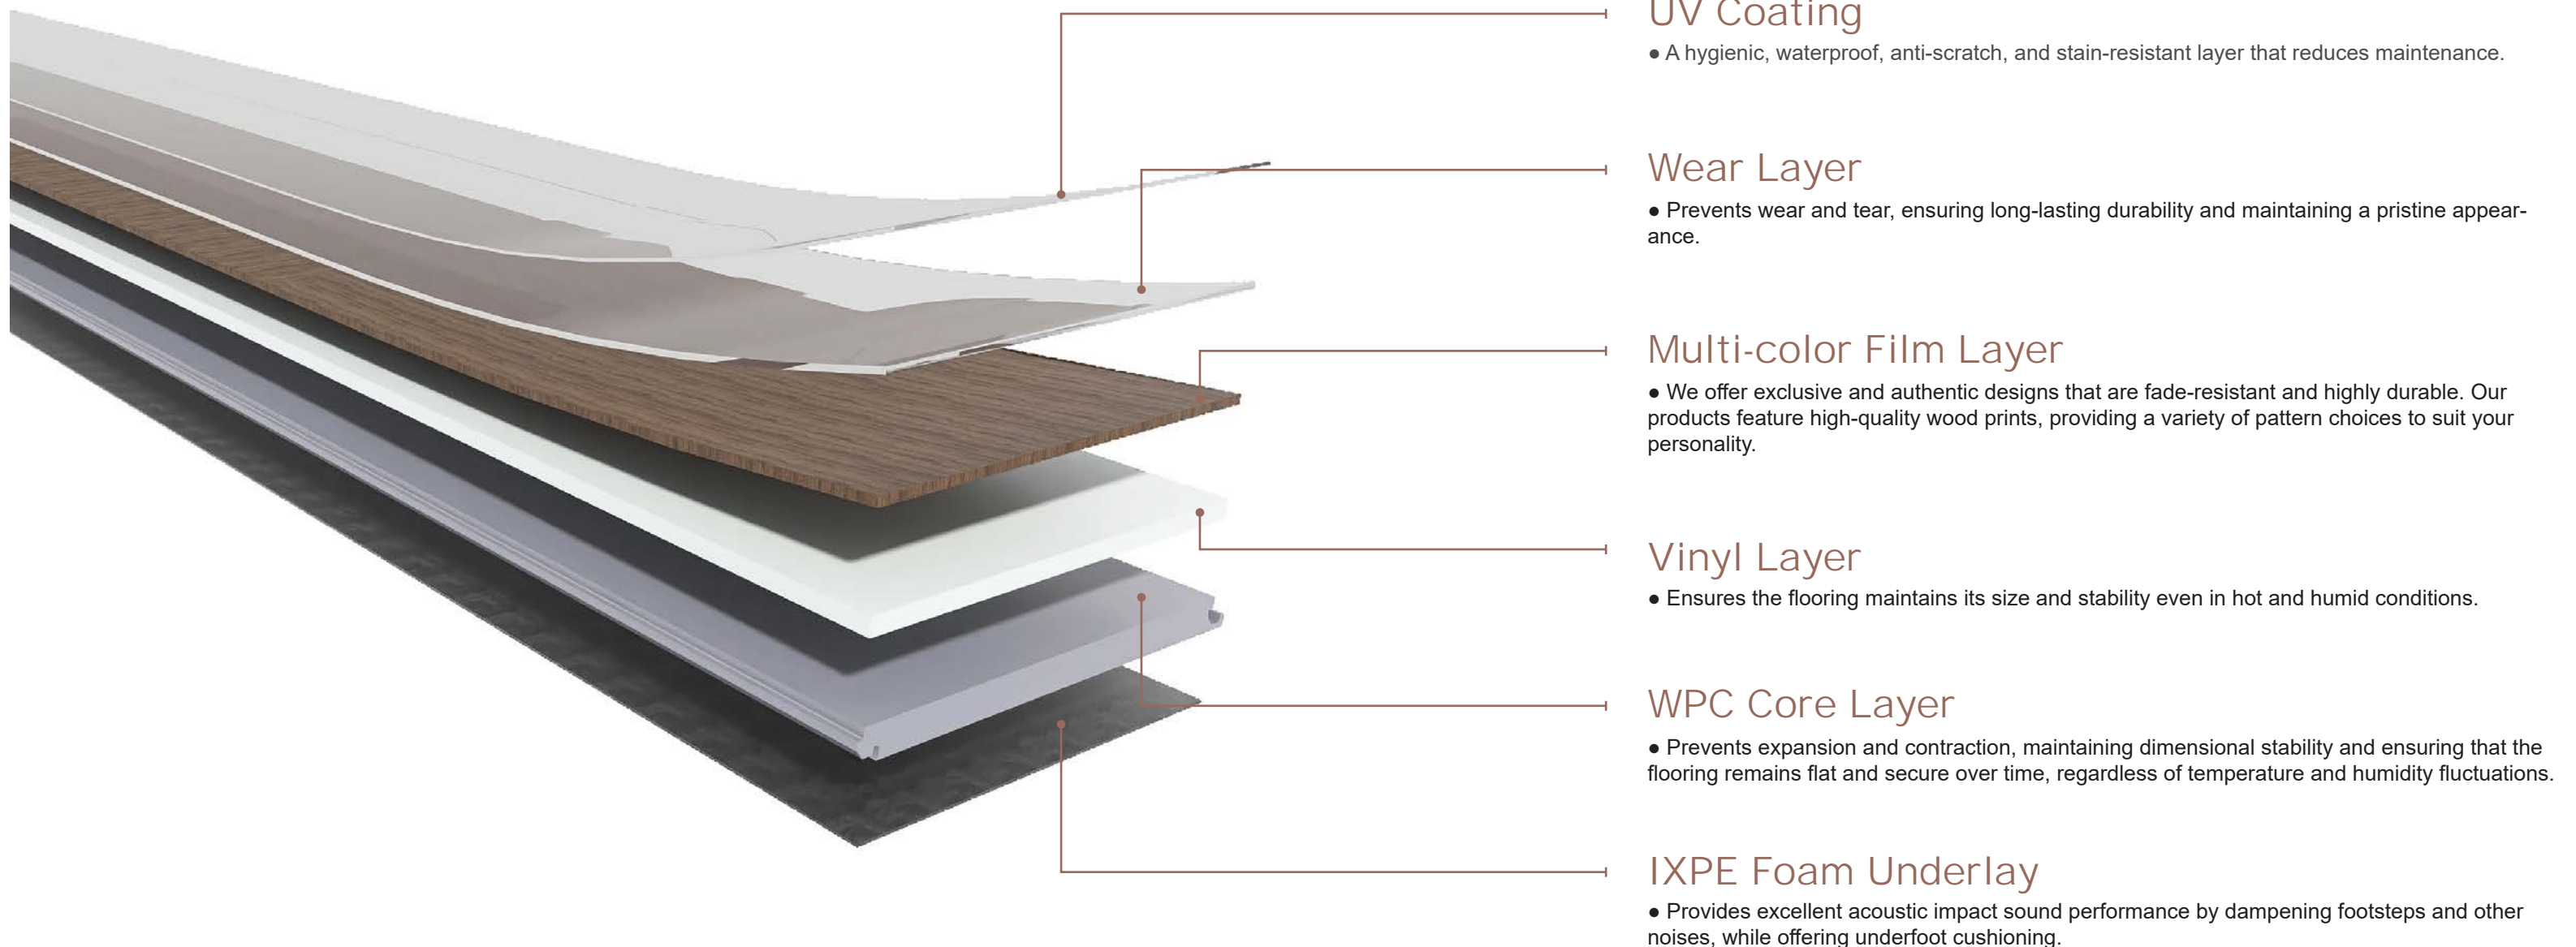

WPC Collection Overview

Wood Polymer Composite (WPC) flooring is an innovative, durable option that combines comfort and resilience. Comprising layers of polyvinyl chloride, plasticizers, calcium carbonate, and wood-like materials, WPC features a core protected by a printed vinyl layer showcasing wood or stone imagery and a top wear layer for protection against daily wear and tear. WPC is completely waterproof, making it ideal for moisture-prone areas like bathrooms and kitchens. It offers a comfortable underfoot experience, unlike harder options like stone or SPC planks, and is easy to install with interlocking systems. Additionally, WPC requires minimal maintenance, needing only occasional sweeping and mopping to maintain its appearance.

Urban Chic Collection

Introducing our “Urban Chic Collection”, a sophisticated line of WPC vinyl flooring inspired by the essence of fashionable urban life. This collection captures the sleek, modern aesthetic of city living, blending contemporary style with exceptional functionality. Each design reflects the dynamic energy and refined elegance of urban environments, offering a range of patterns and colors. Ideal for high-traffic areas, the Urban Chic Collection ensures your space remains stylish and resilient, no matter the demands of city living.

LVP Collection Overview

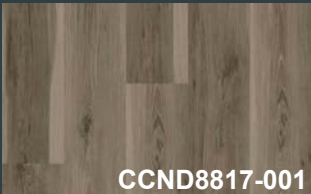

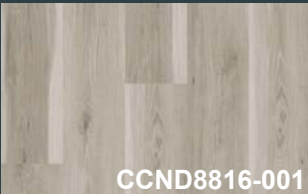

Luxury Vinyl Plank (LVP) is a popular flooring option known for its practicality and aesthetic appeal. Composed of multiple layers of compressed vinyl, LVP features a high-resolution image that mimics natural materials like wood or stone, topped with a transparent wear layer for protection against fading, stains, and scratches. The vinyl core provides flexibility and durability, allowing the planks to withstand heavy foot traffic while maintaining their look. LVP's versatility allows for a wide range of designs, from wood to stone and tile, enabling homeowners to customize their floors to match their decor. Additionally, its durability and waterproof nature make it ideal for high-traffic areas and moisture-prone spaces like kitchens and bathrooms.

Celestia Collection

Introducing the “Celestia Collection”, our LVP vinyl flooring line that brings the beauty of the heavens to your home. Inspired by celestial wonders, this collection features designs that echo the elegance and mystery of the night sky, offering a range of colors and patterns that shimmer with the allure of starlight. Each plank is crafted with precision to ensure durability and ease of maintenance, providing both aesthetic appeal and practical functionality.

Opulence Collection	Laminate	7.5" × 48"	8 mm	N/A	AC4	Painted Bevel	N/A	N/A

Laminate Collection Overview

Laminate flooring, a synthetic covering, features a particleboard wood base topped with an image layer and a clear wear layer. Common in living rooms, kitchens, dining rooms, bedrooms, and hallways, it is perfect for areas without excessive moisture. Valued for its affordability and low maintenance, laminate flooring is a staple in millions of homes. Its smooth, seamless surface makes cleaning easy; a dry mop or broom handles most dust and dirt, while a hard surface mopping tool with cleaning fluid is ideal for deeper cleaning. The tough wear layer resists scratches, making laminate flooring well-suited for homes with pets and children. Although typically more economical than other flooring types, premium laminate options can sometimes rival the cost of solid hardwood or engineered wood flooring.

Opulence Collection

Introducing our “Opulence Collection” of laminate flooring, where luxury meets practicality in every plank. Inspired by the timeless elegance of opulent living, this collection brings sophistication and style to your space. Featuring a range of exquisite designs that emulate the richness of natural materials, each plank is crafted to deliver durability, ease of maintenance, and unmatched beauty. Whether you’re enhancing a residential haven or transforming a commercial setting, our Opulence Collection offers the perfect blend of aesthetic allure and functional excellence, ensuring your floors exude lavish charm for years to come.
